Anniversary Edition Saxophone from Cannonball

Cannonball celebrates 25 years in business with a new special-edition model of the popular Big Bell Stone Series saxophones. Each of these models is handcrafted with a nickel silver bell, bow, original neck, and FAT Neck, and is further enhanced with an oversized, solid titanium neck screw and lyre screw. An intricate pattern selected from Cannonball's catalog of premium hand engravings - White Tiger - is carefully carved onto each bell and bow. Seventeen semi-precious Snakeskin Jasper stones adorn each saxophone. Finished in polished black nickel plating and acoustically hand-customized as with every pro Cannonball instrument, the striking presence and rich sound of these versatile saxophones make a bold statement. Available in alto (A5-25) and tenor (T5-25) through authorized Cannonball dealers worldwide beginning March 2021.

FRETTED

Henna Dragon Ukuleles from Luna Guitars

Luna Guitars' Henna Dragon Ukulele Series is available in three body sizes with varying tonal depths. These Henna Dragon Ukuleles have a laser-etched henna dragon design and a slotted headstock that's reminiscent of a classical nylon-stringed guitar. Luna includes a built-in pre-amp to convey the warm tones of the all-mahogany body. The three body sizes offer different scale lengths: the 15-inch concert, the 17-inch tenor, and the 20.2" baritone. Each ukulele is built with an all-mahogany body that provides a vibrant, warm tone that varies in depth depending on the instrument's size. The henna dragon design by UK henna artist Alex Morgan is delicately laser-etched onto the mahogany top, which has an open-pore natural finish that further improves the instrument's resonance. Gig back included. Available in April, starting at \$169.

ACCESSORIES

KeyTab from Rock House

In the same fashion as tablature, KeyTab was created to help piano players learn chords, progressions, and complete songs quickly. This number and letter system allows a player to learn songs and progressions quickly, in weeks compared to years using standard music notation. The KeyTab system comes with a KeyTab Note Strip; on this strip every note is labeled and each octave is color coded.

D'Addario's XS Coated Strings

D'Addario's XS coated strings offer players maximum life, and an unprecedented level of strength and stability. They incorporated D'Addario's proprietary manufacturing processes and well-known innovations—like NY Steel high-carbon cores in the wound strings and Fusion Twist technology in the plain steels—to give XS incomparable break strength and tuning stability. XS will be available beginning in April 2021 in Phosphor Bronze string sets for acoustic guitar, 12-string guitar, and mandolin in the most popular gauges.

Relaunched Rousseau Mouthpieces

JodyJazz has completed its relaunch of the Rousseau mouthpiece range. Players will see a new, sleeker look to the mouthpieces, more contemporary packaging, and most importantly, far greater consistency overall in the mouthpieces themselves. All Rousseau mouthpieces are now expertly hand-finished, gauged and play tested at the factory and held to the highest quality standards.

Face Masks from Hosa Technology

Hosa face masks use a polyester outer layer, cotton inner layer, and come with one 5-layer filter which can be easily replaced. These masks are washable and reusable, reducing waste from disposable surgical masks that workers and gigging professionals have used since returning to work from the pandemic. They are also stretchable and non-restrictive, made with a material that allows for good breathability without sacrificing what makes masks effective in the first place. MSRP: \$24.95.

Dixon's Precision Coil Direct Drive Single and Double Bass Drum

Dixon Precision Coil pedals are a high-powered alternative to traditional rocking spring pedals, featuring the direct transfer of energy from its open coil helical spring to the footboard for increased precision and control. Precision Coil's open-coil helical spring, enclosed in a cast aluminum chamber, connects directly to the beater hub for an extremely efficient transfer of energy, topped off with an adjustable aluminum beater.

DRUMS & PERCUSSION

Paiste's Signature Series Revival

Paiste has announced a new phase of Signature Series re-launches and new models. 19" & 20" Power Crash are assertive instruments for bright, full accents. 20" & 22" Power Rides pierce the loudest guitar walls with a solid, bright ping and strong bell sound. 14" & 15" Power Hi-Hats provide bright and cutting character. The 14" Heavy Hi-Hat features power and brilliance as well, and features clear, full sound with a rich low-end. For the first time Paiste presents the 22" Mellow Ride - a larger version of the popular light ride cymbal. In the new size, the sweet, mellow stick sound and the rich, soft wash obtain even more depth and volume.
